

Financial Bottle!!

Group Size: Teams of around 6 people

Time: 90- 120 minutes

Location: Indoor

Multiple teams can participate and compete!

WHAT IS IT?

“Financial Bottle!!” is a task that looks simple, but actually involves teamwork, planning, budgeting, and measuring your performance against plan. It creates a real buzz due to its optional competitive scenario and feeling of success for teams.

HOW DOES IT WORK?

The activity starts with a simple-looking construction task. BUT, each team has some serious planning to do. They must work out material costs, construction time, resources required, and lodge a profit forecast BEFORE they start the task. Then it's a case of building their structure within time and budget if they can, measuring themselves against their original forecast! In this activity, more than one team can take part, and when you have a number of teams competing against each other and the clock, it's a really high energy fun challenge!

WHAT DO YOU GET FOR YOUR MONEY?

“Financial Bottle!!” is delivered in a silver attaché case with all of the equipment you need to run the activity for 3 teams.

The facilitator guide, handouts, PowerPoint slides, Evaluation sheets and Action plans are provided on a CD and can be re-used and re-printed as often as you like. There are no copyright restrictions on how often you use the materials provided, so this Complete Team Challenge provides remarkable value for money.
